Penstrukturan Semula PSAS

UPM, 15 Feb – PSAS melaksana penyusunan semula struktur organisasi bagi memantapkan perkhidmatan perpustakaan kepada pengguna. Penstrukturan semula ini telah menggabungkan perkhidmatan di Bahagian Rujukan dan Bahagian Pengurusan Maklumat, di samping mewujudkan dua entiti baharu iaitu Bahagian Sokongan Penyelidikan dan Seksyen Pengurusan Sumber Digital. Pengwujudan dua entiti baharu ini amat penting dalam menampung keperluan perkhidmatan perpustakaan pada masa kini.

Elemen kreativiti, inovasi dan pengurusan

lean telah diguna pakai bagi membolehkan penstrukturan semula ini dilaksanakan tanpa adanya keperluan untuk menambah bilangan staf. Penggabungan Bahagian Rujukan dan Bahagian Pengurusan Maklumat, dan pelaksanaan projek *lean* di Bahagian Perkhidmatan Pengguna telah membolehkan pihak pengurusan PSAS mendapat bilangan staf yang diperlukan bagi mengendalikan dua entiti yang baharu diwujudkan. Penambahbaikan berterusan ke atas proses kerja di bahagian-bahagian lain juga telah berjaya mengurangkan bilangan staf di bahagian-bahagian tersebut, seterusnya membolehkan perancangan

penstrukturan semula ini direalisasikan. Walaupun penyusunan semula struktur PSAS ini melibatkan 33 orang staf, namun pelbagai aspek dikaji bagi memastikan aktiviti tersebut tidak menjejaskan perkhidmatan sedia ada kepada pengguna, malahan menyediakan perkhidmatan baharu untuk pengguna. Adalah menjadi harapan pihak pengurusan agar Perpustakaan dapat memberi impak yang lebih baik kepada warga UPM dengan penstrukturan semula organisasi ini.
